

MOHAMMED SUHAIF

IT FRESHER

A motivated and detail-oriented IT graduate seeking an entry-level opportunity in the field of Information Technology where I can apply my technical skills in Python, SQL, Machine Learning, and Excel to contribute effectively to organizational growth.

EDUCATION	B.Sc INFORMATION TECHNOLOGY Jamal Mohamed College 2025
CERTIFICATIONS	PYTHON PROGRAMMING Institute for Entrepreneurship and Career Development 2024
INTERNSHIPS	Machine Learning Intern <i>VCodez-Innovative Ideas, Chennai, India</i> May 2025 – August 2025 - Assisted in developing and training Machine Learning models for real-world data driven applications. - Performed data preprocessing, feature engineering, and model evaluation tasks. - Gained hands-on experience with Python, Scikit-learn, Pandas, and basic Deep Learning concepts.
PROJECTS	Taxi Demand Prediction in Urban Areas - Built and trained time series models to forecast taxi demand across urban regions using Python and ML techniques. - Integrated temporal, weather, and event-based data to enhance prediction accuracy and model performance. - Applied data preprocessing, feature engineering, and evaluation metrics to optimize forecasting results.
SKILLS	- Python - SQL - Machine Learning - Microsoft Excel
